

Artificial Plant Manufacturer China

Sunwing Artificial Plant Factory Overview

Sunwing Industries Limited is a Nanjing headquartered and globally operated manufacturer, specializing in producing artificial hedges, artificial grass and plants since 2004. Devoted to provide high quality products and service, we have gained an excellent reputation in the industry. Now we have customers from over 50 countries including the US, the UK, Canada, France, Italy, Saudi Arabia, UAE, Argentina, Chile, Australia, New Zealand, Indonesia, Singapore, South Africa, etc.

- **Factory Strength**

Covering an area of over 10,000 sqm warehouse and 5,000sqm workshop, Sunwing holds over 80 different machine groups and more than 200 molds. The monthly output of artificial plants is about 100,000square meters. This large scale production capacity allows us to offer more choices and make delivery in time.

- **High Quality**

Through years of development, Sunwing is confident to provide our customers the most durable, reliable and realistic greenery products. Only virgin material is applied to make sure our products contain no heavy metal and are friendly to both children and pets. High quality UV material is also added to keep good performance for outdoor use. We also have a QC team to ensure each production process meet standard.

- **Strong R&D Ability**

Equipped with a professional design team, Sunwing is able to provide new items on monthly basis. We also accept customization to meet customers' special requirements. We are passionate to help our customers make their idea come true.

Sunwing offers a one-stop landscape design, customized order manufacture and wholesale with artificial turf or hedging panels products.

We are solution-finder for landscape issues. All residential or commercial, indoor or outdoor landscape inquiries are welcomed here in Sunwing.
